30 000 followers across social media platforms

200 members and 100 active volunteers

Pink Programming Festival

A bold next chapter on the journey toward a
gender equal tech industry

Media Evolution, Malmö
7-8 November 2025

From grassroots to national impact, Pink Programming marks a decade of breaking norms and shaping the future of tech.

On November 7-8, we celebrate our 10 year anniversary by launching our very first festival — and now we invite you to join in!

Pink Programming Festival

A bold next chapter on the journey toward a gender equal tech industry

Media Evolution, Malmö
7-8 November 2025

Nov 7 – Industry Program: Where tech industry professionals, stakeholders and partners set the narrative for an inclusive tech industry for the future through inspirational talks and interactive sessions.

Nov 8 – Open Coding Program: Where women and non-binary programmers of today and tomorrow meet to code, network, get inspired and experience tech i various ways.
